

LEESI HEASLER

Leesi is a seasoned professional with over four decades of experience in the exotic dance and circus industry throughout the US. Since 1990, she has immersed herself in a wide range of circus arts, from trapeze and aerial silks to lyra and hula hoop. In 2004, Leesie began sharing her passion for dance and circus arts with people worldwide, spreading inspiration to all who share her creative spirit.

In 2012, Leesie earned the title of Pole Champion by winning first place in the Masters Division of the Pacific Pole Championship. Since then, she has continued to achieve numerous titles and remained dedicated to her craft, consistently pushing the boundaries of creativity in both vertical pole and aerial arts. Her passion for motion and dance shines through as she shares her expertise and love for these art forms with clients around the globe.

With her innovative choreography, passionate stage presence, and personalized teaching approach, we're excited to offer you the opportunity to learn FabPole directly from its creator! Discover firsthand why instructors and students of all skill levels continue to choose Leesie for their training in this exhilarating dance form.

FABPOLE

FabPole is a beautiful combination of aerial fabric and vertical pole, created by circus artist and professional pole dancer, Leesie L'Ru.

In April of 2011 Leesie was asked by Elena Mikhaylova, the founder of Pole Dance Universe and former aerial and pole student of Leesie's, to create something with aerial fabric and pole. After some thought and experimentation, she combined fabric and spin pole and created FabPole for a showcase performance at [Pole Dancing Universe 2011](#). Leesie has been teaching FabPole workshops and teacher training to pole and aerial fabric/silks lovers around the world.

If you've ever seen or played with this wonderful combination of two beautiful aerial apparatuses, you know how much fun it is! Not only can you learn how to master this art you can learn to teach it as well. Who better to learn from than the creator herself?

LEARN
